

ANNIVERSARY

SKOW/HEGAN

SCHOOL OF PAINTING & SCULPTURE

CAPITAL CAMPAIGN REPORT

FOUNDED IN 1946 BY ARTISTS, FOR ARTISTS

Skowhegan School of Painting & Sculpture is one of the country's foremost educational experiences for artists. Located on a 350-acre campus in Maine, the nine-week program provides emerging artists and faculty artists with a collaborative and rigorous environment that is shaped by risk-taking, mentorship, and peer-to-peer exchange. Skowhegan's merit-based admissions process ensures that we accept the most promising and cutting-edge artists of each generation, regardless of financial or educational backgrounds.

For Skowhegan's 75th Anniversary, we embarked on a years-long effort to expand the institution's capacity to support emerging visual artists from every background. Our successes, realized through the **75th Anniversary Campaign**, advance core values by upgrading the campus facilities to better house participants and staff and engage emerging art practices; growing the endowment to preserve need-blind admissions and artistic autonomy; prioritizing local investments that bolster regional food economies and environmental priorities; and publishing the first major book on Skowhegan's history and impact.

Thanks to contributions from artists, foundations, Trustees, Governors, and supporters, the 75th Anniversary Campaign (2018–2022) raised more than \$21 million—the most significant fundraising effort in Skowhegan's history. These efforts will ensure that Skowhegan remains a place that engages the next generation of artists in the most urgent conversations about the evolving nature of artmaking and its future.

Dear Skowhegan Community,

Thank you! When we assumed the role of co-chairs for Skowhegan's 75th Anniversary Campaign, we knew the school was beloved, but we couldn't have imagined the outpouring of support we would receive from over 1,300 of you over the last five years. You have helped us restore and build our campus; grow the endowment; embark on an ambitious new publication about Skowhegan's history; and ensure that every day since we launched this campaign, Skowhegan has had the ability to support artists and advance its mission-driven projects.

Skowhegan's campaign spanned five calendar years (2018–2022) and the comprehensive approach is reflective of the interconnected way this institution functions. Our goals were established through an iterative and community-driven process that involved extensive input and discussion from alumni, faculty, staff, Governors and Trustees. The priorities honor Skowhegan's foundational mission of inclusion and open access to all accepted artists and the singular character of our rural campus. The extraordinary circumstances around COVID could not have been imagined, and yet the goals embodied by this campaign became a roadmap to navigate through the moment of precarity by advancing programmatic priorities. Indeed, the rallying support around the school in 2020 reaffirmed the depth and determination of this community.

For more than seven decades, Skowhegan has seen the transformational impact that happens when artists live and work exclusively alongside other artists. The 75th Anniversary Campaign expands our capacity to support emerging artists as they engage fully with their peers, distinguished faculty, and mentors over nine weeks of expansive thinking, material experimentation, and broadened perspectives.

As we look ahead to the next 75 years, and 5,000 more artists who will live and work at Skowhegan, we are humbled by the potential of that creative input in the world. Thank you for partnering with Skowhegan to sustain the future of artmaking!

– Eleanor Acquavella, Donald Moffett (F '04), Paula Volent
75th Anniversary Campaign Co-Chairs

MASTER PLAN PROJECTS

Skowhegan's campus is set upon open fields, preserved and stewarded forests, rolling hills, and the shores of Lake Wesserunsett. Artists live in converted summer cottages and work in former farm buildings. The following principles guide Skowhegan's vision for its buildings and grounds and were the driving principles for the Master Plan projects realized between 2018 and 2023.

- Skowhegan's facilities should be innovative and responsive to changes in the art world
- The landscape and environment, and the isolation they offer, are critical programmatic components
- Campus facilities should promote innovation and experimentation, as well as health, safety and equity
- Skowhegan's buildings & grounds should reflect and preserve the School's rich history
- Spaces should be neutral and flexible for use by any individual or group
- Spaces on campus should be balanced for heightened and intentional community interaction and also allow for solitude and silence

PUBLICATION

Skowhegan's forthcoming book will be the first major study of the school's history and philosophy. Co-authored by art historian and editor Faye Hirsch, and writer and curator Ingrid Schaffner, the book draws from primary source material including: Skowhegan's document and lecture archives in New York City and Maine; new in-depth interviews and roundtable discussions with faculty, alumni, and leadership; photographs, film, and ephemera; and materials from the Smithsonian Archives of American Art as well as other sources. By uncovering narratives on Skowhegan and providing an institutional record, we hope this project will inspire other artists and institutions, and help shape future research and conversations on the American art scene and art education.

Funds for the publication were provided by: The Palm Foundation; Mr. & Mrs. Raymond J. Horowitz Foundation for the Arts; The Terra Foundation for American Art; The Henry Luce Foundation; and the Wyeth Foundation for American Art.

ENDOWMENTS

THE FUTURE FUND

Initiated by Marina Kellen French and Andrew Gundlach in honor of their parents and grandparents, The Anna-Maria & Stephen Kellen Foundation Future Fund is Skowhegan's largest endowment gift to date. The Future Fund unites visionary philanthropy and exceptional access from Skowhegan's Investment Committee to create a long-term endowment-based financial model to secure Skowhegan's artistic autonomy. The goal of The Future Fund is to supersize investment opportunities to grow Skowhegan's endowment exponentially, and to guarantee that artistic independence, untethered from academic or market trends, remains the foundation for Skowhegan's success.

THE DAVID FUND

David Beitzel (A '82) was a dedicated member of the Skowhegan community. He helped found Skowhegan's 21st Century Committee to engage his generation of artists, arts professionals, and patrons, and in 2009, became a Trustee. As Development Committee Chair for nearly a decade, he fostered a strong network of allies who share his passionate commitment to emerging visual artists, in particular LGBTQ artists and artists of color.

Skowhegan is stronger as a result of David's leadership and generosity, and we honor his legacy through The David Fund created in partnership and love with his devoted partner Darren Walker, his brother Skip Beitzel, sister Tish Vredenburgh, and their families.

The David Fund provides urgent support for artists on campus so that they can maximize their time in Maine. Although Skowhegan covers tuition for any artist in need, many participants are financially insecure. The David Fund is directed in real time by the Directors, and enables Skowhegan to be nimble and responsive to changing needs of participants, fostering their collective experience while recognizing and supporting their individual circumstances.

THE CUMMINGS FUND

The Cummings Family Fund honors founding artist Willard "Bill" Cummings and his singular vision for a summer art school on his family's farm in rural Maine. The priority of the Fund is the upkeep and maintenance of Red Farm, the historic 1789 farm house in the heart of Upper Campus and the surrounding gardens, though it may also support other grounds and maintenance projects. Skowhegan's campus is inextricable from the program, and these dedicated funds help preserve the school's rural campus in perpetuity.

WITH GRATITUDE

Skowhegan gratefully acknowledges the following donors whose contributions between 2018–2022 are counted within the comprehensive 75th Anniversary Capital Campaign. Through your partnership, we completed the Master Plan, grew the Endowment, advanced scholarship about Skowhegan, and ran the residency and alumni programs, including through the pandemic. Thank you for supporting the future of artmaking!

¶ In memory

† Created edition in honor of Skowhegan's 75 Anniversary

* Many donors contributed in honor or memory of multiple individuals over the course of the campaign. These remembrances are noted in Skowhegan's Annual Journal in the year in which gift(s) were received.

I BELONG TO MANY, MANY THINGS, BUT I THINK
THE SKOWHEGAN SCHOOL, FOR ME, COMES FIRST.

Louise Nevelson, Faculty '72, '78, '82

THANK YOU

Skowhegan was founded *by* artists, *for* artists, and by estimation there are about 5,500 artists who have helped shape Skowhegan since it was founded in 1946 as students/participants, faculty, Governors, and program staff. Into this mix comes a small number of close allies: over nearly eight decades roughly 300 Trustees and Governors and around 100 staff have worked to advance the mission, furthered in their efforts by a circle of friends and supporters. As we conclude the 75th Anniversary Campaign and Campus Master Plan, we see the full impact of this artist community, and its circle of advocates, coming together in an extraordinary way.

This is a moment to acknowledge some heroes of this effort, first and foremost Eleanor Acquavella, Donald Moffett (F '04), and Paula Volent who chaired the campaign. We remember with love David Beitzel (A '82) who chaired the Development Committee when the campaign began, and who nurtured a culture of generosity around Skowhegan. Francis Cape (A '89, F '08), Warren Cook, Ann Gund, Jane Hammond (F '92, '05), Alan Wanzenberg whose leadership on the Building & Grounds Committee was instrumental, matched only by the energy and enthusiasm of the Governors and Trustees who dedicated their time and vision to our Buildings & Grounds and Program Committees.

Neil Kittredge and the team at Beyer Blinder Belle led us through a year of listening, drafting, and hiking around campus to arrive at our Master Plan. The process was collaborative—capturing the voices, memories, vision of many staff, alumni and faculty whose input resulted in all of the projects you'll see in these pages. Jeff Bird and Seky Gomez of Taghkanic Studios were our thought partners and construction partners through the process of building FIVE buildings in the middle of a global pandemic.

We also acknowledge the talent and commitment of our colleagues whose work fortifies Skowhegan for the future. In Maine, Bill Holmes, Ralph Drouin, Kevin Flanagan, Peter Jillson and Ronald Pinkham represent 108 years of combined service to Skowhegan. Together, they built or helped build the 11 buildings celebrated in this report, while also attending to the 350 acres of field, forest and lake, invisible underground infrastructure, and the 90+ existing buildings. In New York, our full-time staff helped Skowhegan accomplish the goals of this milestone Anniversary: Cerrie Bamford, Eric Bees, Chris Carroll (A '08), Elise Gardella, Glorimar Garcia, Paige Laino, Rachel Lee, Trella Lopez, Andrea Poropatich, Julie Quon, Anna Souvorov, and Reg Zehner.

During all of these expansive efforts, our core program staff maintained the seemingly effortless stability that is always the frame for the wildness that transpires over the course of 9 weeks. Thank you to Sarah Anderson, Tim Brandsted, Christopher Carroll (A '08), Mariel Capanna (A '17), Oscar Rene Cornejo (A '14), Sarah Corson, Meredith Gaglio, Frank Jackson (A '85), Samantha Jorgensen, Desmond Lewis (A '18), Waneeta Marquis, Lilly McElroy (A '06), Gina Mitchell, Eve Payne, Elle Pérez (A '15), José de Jesús Rodriguez (A '17), Rosa Rosario, Pallavi Sen (A '17), Ashley Teamer (A '14), Shawn Thornton (A '02), Elizabeth Tubergen (A '15), and Erica Wessman (A '15) for the enormous collective effort in visioning new functionality, preparing new spaces, and their endless generosity to every artist who has graced that campus in hopes that we all might be inspired to exist, see, make differently.

Every supporter listed in these pages is an ally in our work to remain a transformative space for emerging visual artists. To them, we say THANK YOU for trusting Skowhegan and enabling us to create space for artists to discover themselves, today and in the future.
